

But don't we see thousands every day enduring every species of labor and discomfort, almost slavery itself, and even sacrificing life for the acquisition of this shining dust? Yes, we do. Yet ask any one of these and he will tell you that gold is not the end of his aims, and that he is not so gorging as to love a metal. He wants to be rich, does he not? Granted, but it is for the position it is supposed to have in its gift. He may make a sad blunder in this—perhaps he does—still that fact does alter his motive, and this is elevation, a high rank. Excelsior is a motto not confined to the State of New York. It is that of thousands of individuals, and is natural to the human breast.

A man may mistake, as we have said, in selecting property as the step to ascend upon. And yet it will be difficult to point out another more within the reach of the masses, so sure of its reward. A higher grade in life is to be attained indeed by great learning, professional eminence, by natural endowments of voice, physical dexterity, beauty, and so forth. These last are rare, however, and entirely out of the question, because unattainable by effort. They are born with their possessor—not acquired. And with respect to eminence to be obtained by professional or other ability, it is one of the hardest roads ever travelled by the seer after fortune.

"Slow rises worth by poverty depressed," says Johnson. This is not quite so sad a truth in this country, as in that where it was wrong from the great melancholy heart of its author. But the most desperate of all expectations is that of rising by mere personal worth. Ozone man of this character who attains to social consideration, hundreds have knocked and been admitted into the door of what is called polite society, genteel society, first class society—fascinating names all—whose only or chief credentials are their wealth, gained painfully often, and laboriously in vulgar occupations, which neither required, nor contributed much mental cultivation.

No fault is imputed to the award of this much coveted compensation. It is right and just, because it is fairly, and may be often than it is perhaps, honestly earned. No reflection is to be cast for a moment on the industrious labor and sleepless care by which his goal of human wishes is attained. The contrast has been stated to vindicate the mad and much condemned pursuit of riches and sacrifices made for their acquisition. Can any which less he expected of a community, which rewards opulence with its highest honors, than that its young men should venture the happiness of their lives, and too often the purity of the characters in their attainment? Will not young men of ability, and ambition equal to their sagacity, embrace the easiest means of becoming prominent and influential, and the one most certain of success?

It appears then that it is not the insane thirst of gold, but of that conventional consequence with which its devotees are sure to be rewarded, and with the luxury and ostentation that follow in its train, that drives so many men on to the sacrifice of virtue, peace of mind and self-respect and conscience. Did not such things as the yellow dirt exist, yet if extravagance in dress, furniture, dwellings, living, and all manner of luxury were the rage as now, where would be the difference? These would none the less eat out of society its manliness, its purity and heart.—[Newark Advertiser.]

MR. EMERSON'S LECTURE.—We are requested to say that Mr. Emerson has accepted the invitation extended to him, to read a second lecture on Thursday evening, April 16th. This is the time best suited to the convenience of lecture-goers; and we are glad Mr. E. is able to come at that time.

Tickets to the lecture can be had at all the usual places. Subscribers' tickets are at WARD'S Bookstore.

Judge Roosevelt has granted an order for a panel of five hundred jurors in the case of Mrs. Cunningham and Eckel, charged with the murder of Dr. Burdell. The trial has been postponed till the first Monday in May.

THE BOY MURDERER.—The Toronto Globe states that the sentence of McGarrick, the boy who murdered William Call, and which was directed to be carried into effect on the 11th of April, has been commuted to imprisonment in the provincial penitentiary for life.

Ship Helena, Thompson, sailed from Sausalito, Cal., Aug. 27, last, for Havana, with coals, and has not since been heard from.

### Items.

The case of James Magee, charged with the murder of Galen C. Walker, at the State Prison, was given to the jury at twelve minutes past nine o'clock Wednesday evening. Precisely at five minutes of twelve the jury came in, and rendered a verdict of GUILTY.

Magee received the sentence without moving a muscle of his countenance. He seemed quite indifferent in regard to the result.

Sentences will be passed on both Magee and Cater on Saturday morning at 10 o'clock.

The friends of Freedom, R. W. Emerson, Wendell Phillips, W. L. Garrison &c. were to have a cosy Festival last night at Concord, Mass.

TRIAL OF MR. KALLOCH.—The jury in this case were discharged yesterday morning, being unable to agree. They stood eight for acquittal, four for conviction. It is said that two of the latter would have joined the former if their adhesion would have made a verdict.

It is reported that Mr. K. proposes resigning his pastoral labors and studying law.

We learn says the Boston Chronicle that John B. Gough will deliver a lecture before the Young Men's Christian Association on Fast Day evening. Tickets will be sold at 25 cents each.

Why do not our temperance society revive the cause in Newport by getting this true orator here to speak for sobriety?

Hoop petticoats were introduced in England in the reign of Queen Anne. They constituted part of the female court dress, until abolished by George IV. Aprons were part of the dress of a fashionable lady during the early part of the last century. In 1744 they reached the ground. Mullets and black silks mantuas were also in fashion. Ornaments were not worn in profusion. A watch adorned the waist, a jewelled necklace sparkled on the bosom, and bracelets were worn over the long gloves. Powder on the hair was worn so late as 1793, when it was discarded by Queen Charlotte and her daughters. Ladies wore white silk stockings, even in mourning, as late as the year 1778. After then, black silk stockings came into fashion. Shirt collars and the round hat appeared immediately after the great French revolution.

MURDERS IN KENTUCKY.—Dispatches dated Louisville, 5th, communicate intelligence of two exciting murders. Mary Travers, "a beautiful and accomplished girl of only 24 years of age, who had been married but about eight months," was murdered in Louisville on Thursday night. Her husband, who is supposed to have committed the horrid deed, was found lying beside the dead body of his wife in bed. He had also attempted to commit suicide by cutting his throat, but his injuries are not believed to be serious. In Washington, Ky., on the 3d inst., a Mr. Baker armed himself and deliberately took the life of his own daughter, after which he placed the weapon to his own breast and shot himself. No cause has been as yet assigned for the dreadful tragedy.

THE MANTLE OF THE PROPHET STOLEN.—Great sensation has been created among the "faithful" in Constantinople, by the sudden disappearance of numerous relics of Mohammed and his successors. Among the articles stolen is the Sandscherif, or Sacred Banner—the veritable mantle of the Prophet. It is conjectured that the theft was committed for political purposes at the instigation of a portion of the clergy. The matter was investigated by the Ministry, and several Imams were arrested on suspicion.

SUSPECTED MURDER.—The Portsmouth Chronicle of Tuesday reports a case of death under suspicion of violence at Kittery, Me. A man named Geo. Welch, about fifty years of age, died suddenly a week or two since. Since his burial, circumstances have led the neighbors to suspect that he was foully dealt with; as a little grandchild of his has stated that his wife struck him on the head with a poker, and killed him. His body has been disinterred and an inquest organized.

GUANO AND CUBA.—The Captain General of Cuba has issued a decree, authorizing the exportation of the guano that has been found on the southern portion of the island, on the payment of a duty of five dollars per ton. It is said that several millions of tons will thus be made available, as well for the advantage of Cuba and Spain, as for the enriching of the Royal Treasury.

THE WALL OF CHINA.—Schlegel, in his Philosophy of History, speaking of this stupendous fabric, says:—"Such is the height and thickness of this wall, that it has been calculated that its cubic contents exceed all the buildings in England and Scotland; or again, the same materials would serve to construct a wall of ordinary height and moderate thickness, round the whole world."

KANSAS.—It is estimated that there will be 70,000 emigrants to Kansas this spring. Large numbers are going from New England States. A correspondent of the Traveller, writing from Lawrence, says that in every settlement the pro-slavery men are selling out, and to-day there are less bona fide pro-slavery settlers and less slaves in Kansas, by one third, than there was a year ago.—Boston Herald.

Mon. Charles B. Penrose, one of the leading men of Pennsylvania, died suddenly at Harrisburg, on Monday. He was a member of the State Senate, of which body he was President some years ago. At one time he was Assistant Secretary of the Treasury of the United States. He was a lawyer of high repute, and has been much in public life.—Boston Herald.

TWO MEN KILLED IN LOWELL.—In Lowell yesterday morning, Patrick and Jerome Hayce, Irish laborers, while engaged with others in the yard of the Merrimack Mill, in excavating for the foundation of a new mill, was buried by the caving of an embankment and before they could be extricated life was extinct. Four others had a narrow escape from the same fate.

A man, named John, of Louisville, Ky., drew a prize of \$15,000 in a lottery, from which his master deducted the value of the chattel and gave him the balance and his freedom.

### Three Days Later from Europe.

HALIFAX, April 9.  
The steamship Niagara, from Liverpool on the morning of the 28th ult., arrived here at half-past four o'clock this afternoon. The Niagara reports, March 28th, passed steamship Persia, about thirty miles from Liverpool; 30th, passed steamship Emen, fifty-five miles west of Cape Clear, bound East; April 2d, lat. 49° N., lon. 25° W., passed steamship America, bound East.

GREAT BRITAIN.  
The country continues in a ferment of election. Few members are yet returned, but general appearances are in favor of Palmerston's government.

The board of trade returns for February show an increase of twenty per cent. over last year. Imports show a decrease in breadstuffs, cotton, copper, iron and tea, with an increase in provisions, dyes, hides, timber, silk, wool, tobacco and other articles, about an average.

FRANCE.  
Paris, March 24.—Little was done at the Conference, the meeting being merely for the purpose of receiving the propositions offered by the Prussian representative.

An expedition against the Kaybays is determined on. Marshal Raudan commands.

A cabinet council was held to consider the question of removing political prisoners from Cayenne to a healthier locality.

SPAIN.  
The Spanish naval squadron at Rio Plata is to be relieved.

It is said that Mr. O'Sullivan will be representative of the United States at Madrid.

The Government contemplates the establishment of a submarine telegraph between Cuba and the United States.

GERMANY.  
The German powers decline the intervention of the rest of the great powers in the quarrel between Denmark and the Confederation, on the ground that the question at issue is purely federal, in which they as well as the King of Denmark act as members of the confederation. At the same time we are told that Russia and France are favorable to Denmark in the affair.

AUSTRIA.  
The Austrian Government, in recalling the Representative from Turin, addressed a circular dispatch setting forth the reasons to its agents at European Courts.

RUSSIA.  
It is stated, via Berlin, that Russia again refuses to admit British Consuls to the Black Sea. The allied evacuation is completed.

TURKEY.  
Government has decreed a registration and conscription of the press on the French model. It also offers lands in Roumelia and Anatolia, to foreign emigrants bringing \$300 capital.

Christian soldiers are to be incorporated in Turkish regiments, not separate corps. M. Pisin, Chief British Interpreter, has quarrelled with Lord Stratford and resigned. A temporary successor is appointed.

PERSIA.  
Insurrection has been already announced; the revolt is spreading. The insurgents in Kurdistan had seized the Shah's uncle and threaten death or ransom.

To-morrow being Easter Sunday, "Zion Church" will be open in the evening at 7 1-2 o'clock.

### AN EASTER CAROL.

BY THE REV. ANDREW MACKIE, A. M.

Let us meet Him with glad shouting,  
And shake the solid earth with song,  
Not like Thomas, stand we doubting;  
But singing, praising, rush along.  
From the tomb has gone the gloom;  
From the grave, He comes to save.

Lustily, to one another,  
Shout we, as on wings we speed—  
"He is risen"—our Friend—our brother,  
"Christ the Lord has risen indeed!"  
Has gone the night, and come the light,  
Wake and land and sea with merrily.

Up, brother! it is glorious,  
The new sunlight of Easter-day,  
Christ hath fought, and is victorious!  
Slew Easter-demons along his way;  
His triumph tell; He has vanquished Hell,  
His glory sing; He comes—a King.

All the day let us keep singing—  
"Christ is risen, to us no more!"  
Let the bells all day keep ringing,  
And let full organs swell the song.  
Though grave be deep—Death is but sleep;  
Christ, once slain, is risen again.

DAVIS' PAIN KILLER.

BROOKLYN, Conn., June 15, 1854.

Friend Davis.—Although a stranger to you, I take the liberty of addressing a few lines to you, for the purpose of saying a few words in favor of your valuable medicine. I have used your Pain Killer for a number of years, and for bowel complaint and hiccups, and in fact for pains of all kinds, I think it pre-eminent. Before I became acquainted with your medicine, I had a violent attack of dysentery, which reduced me very low, in fact my friends thought I could not survive, but by the treatment of a Botanic Physician, the best remedy I then knew, I recovered. Since then, I have had several attacks, one very violent, about four years ago. I was attacked at 3 o'clock in the morning, and at sunrise I was not able to get off my bed, I went and got a twenty-five cent bottle of your Pain Killer, which I commenced taking, according to directions, and at six o'clock in the evening my bowels were regular, and I was up and moving about, although somewhat weak. I would recommend to all similarly afflicted, to avail themselves of your invaluable medicine.

I am, sir, yours respectfully,

EDWARD B. KELLY.

The genuine Perry Davis Pain Killer is now put up in patent bottles, with the words Davis' Vegetable Pain Killer blown in the glass; and with two steel engraved labels on each bottle—one an excellent likeness of Perry Davis, the original inventor of the medicine, the other a steel engraved note of hand—none others can be relied upon as genuine.

Prices of bottles: 25¢ each, 25¢ each, 50¢ each, and \$1 per dozen.

When opened at your store this morning, I was greatly surprised, as were also others present, to find the contents, consisting of valuable silver plate, &c., in a perfect order as when placed therein. It is with pleasure I add my testimony to the merits of the Safes of your manufacture. Yours, Respectfully,

IT SOUNDS A FUNNY. "A few evenings since a little bright-eyed, fair-haired child, who, during the afternoon, had exhibited a girl's petulance, because her wishes in regard to a piece of candy were not acceded to by her mother, knelt at her mother's knee to say her evening prayer before going to rest. With becoming sincerity and simplicity she repeated the beautiful verse—

"Now I lay me down to sleep,"  
and, after that, other sweet hymns—  
"Gentle Jesus, meek and mild,"  
and then, looking up into her mother's face said, "Mother, I have another little prayer I want to say." "Well, my dear, kneel down and say it," said the mother. So the little one knelt down and commenced—"Oh God, make Ella a good girl, and make Ella love her parents; Oh God, I'm sorry I teased for the nut candy," and then she hesitated for a second, and burst out in a hearty laugh. "What makes you laugh?" asked her mother. "Why mother, that sounds so funny," was the reply. The little one's gravity for the time being was disturbed, and after implanting a fond kiss on her mother's cheek she ran away to her little bed.—*Journal.*

# AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF Colds, Coughs, and Hoarseness.

BROTHMAN, Mass., 20th Dec. 1855.  
Dr. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a cold, is your Cherry Pectoral. It cures me in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of those complaints. BROWN KIGHT, M.D.

A. B. MORTLEY, Esq., of Utica, N.Y., writes: "I have used your Pectoral myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner feel twenty-five dollars a bottle than do without it, or take any other remedy."

BROWN KIGHT, M.D.

AMOS LEE, Esq., of Montreal, L. writes, 24 Jan. 1856: "I had a tedious influenza, which confined me in my room six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our physician. The first dose relieved the soreness in my throat and lungs; the second half a bottle made me completely well. Your medicine is a bottle than do without it, or take any other remedy."
